ABOUT ME

BTech Computer Science student with strong fundamentals in Database Management Systems (DBMS), Python, and C programming. Proficient in data structures and algorithms with a keen interest in software development and problem-solving. Seeking internship opportunities to apply technical skills and contribute to real-world projects while continuously enhancing expertise in emerging technologies.

EDUCATION

2024-2028

JK Lakshimipat University

Bachelor of Technology in Computer Science

Experience

Full-Stack Development Intern | Unified Buisness Web Solutions

06/2006 – 07/ 2026

- Developed responsive web interfaces using React.js, HTML, CSS, and JavaScript.
- Worked on FoodShare, a platform connecting restaurants and NGOs for surplus food donation.
- Contributed to frontend development, backend integration, testing, and debugging.

SKILLS

Languages: C Programming •Python • DSA • Problem Solving • Video Editing • Machine Learning

Databases: MySQL •Linux • Windows

Libraries: Pandas • NumPy • Scikit-learn • Matplotlib

PROJECTS

Stock Price Prediction | Machine Learning

- Developed a 5-day ahead stock price prediction model using historical market data and technical indicators such as SMA, EMA, RSI, MACD, and lag features.

- Performed data preprocessing, feature engineering, outlier removal, and model evaluation using R^2, MAE, MSE, and RMSE.
- Compared Linear Regression, Decision Tree, Random Forest, KNN, SVM, and XGBoost using Python, Pandas, NumPy, Scikit-learn, and Matplotlib.

FoodShare | Web-Dev Project

- Developed a food donation platform connecting restaurants, NGOs, and users for efficient redistribution of surplus food.
- Built responsive and role-based interfaces using React.js, HTML, CSS, and JavaScript for restaurants, NGOs, and verification users.
- Implemented backend functionality for food listings, NGO claims, verification, and data management.

CERTIFICATIONS

- **Database Management System**

  Infosys Springboard – 2025

- **Web Development Intern | Unified Buisness Web solutions**

  1.5 months

Contributed to **frontend and backend development** of web-based applications during the internship.
